**1.- READ THE TEXT CAREFULLY AND ANSWER THE QUESTIONS (Puntuación: 2 p.)**

Juliette Harris has an unusual hobby. While her friends are playing tennis, roller-skating or swimming, Juliette is rock climbing. She is a very experienced climber and she loves her hobby. I met her for the first time last week. I was surprised when I saw her because she is quite small and slim. I thought a rock climber would be much taller and stronger. When I asked her about the dangers of rock climbing she said, 'It can be dangerous but good climbers never take risks because you can be killed or you can put other people in dangerous situations. We are very careful and we know how to climb. Experience is very important so you need to join a good club and learn the correct techniques'.

Juliette invited me to go climbing with her next month but I said no. Her hobby is very interesting but I don't think it's the right thing for me to try.
