Pero Autodesk todavía nos preguntará algunas cosas más para poder configurar correctamente nuestra cuenta. En el nombre del centro educativo, empezaremos a escribir y aparecerán nombres que encajan con lo que está escrito. Debe aparecer nuestro centro tal y como se ve en la imagen. Lo seleccionamos.

En cuanto al área de estudio, lo que encaja con las distintas enseñanzas de la escuela es **Product Design & Manufacturing**.

Las dos fechas se corresponden con el inicio de los estudios y con la previsión de finalización. La licencia dura tres años, pero parece ser que se puede renovar pasado este tiempo.

Finalmente la cuenta quedará configurada y le daremos a continuar.
