IES Jorge Guillén e IES Aliste

Asignatura: Inglés, 3º ESO

Hemos realizado unos Padlets para practicar la escritura en inglés. Funciona como una pizarra colaborativa virtual en la que profesor y alumnos pueden trabajar al mismo tiempo. Esta herramienta abre un abanico de posibilidades para desarrollar diferentes recursos educativos y en el caso de la escritura que a los alumnos les suele resultar tedioso, con estos muros se sienten más motivados y más dispuestos a escribir. Estos dos ejemplos son de alumnos de 3º de ESO. En un grupo hemos trabajado con las expresiones de consejo y la exposición de problemas y en otro con diferentes tópicos que han tenido que abordar. Al final los estudiantes van a poder disponer de sus trabajos y ver y revisar los de otros compañeros, ya que esta aplicación es intuitiva y muy fácil de manejar.

<p>Juan Pablo y Gabriel We like sport, our favorite sport is football. We usually don't watch sport on TV, Gabriel often plays football, Pablo don't play any sport. In Spain the most popular sport is football. To stay in shape people do a lot of exercise like running.</p> <p>Nadia y Melani We're not keen on sports, but we like the football a lot, we see some games.</p>	<p>Nuria y Alex Traditions are very important because they connect the new generations with the old ones. In my family there are many traditions for example: -When a new member of the family is born, we all have a dinner at the grandparents house to meet the baby. - At the Christmas we all together help the younger cousins to put the Christmas tree at the grandparents house.</p>	<p>Gabriel y Juan Pablo The food that we like the most is roast meat. We like at most all the food. The most popular food in the area is meat. We don't like cooking the food the we like the most is the spanish omelette. The last time I ate in a restaurant I ate sweet bread. The typical food in the country is paella. We don't have a favourite dessert.</p> <p>Nadia y Melani</p>	<p>Juan Pablo y Gabriel In Spain the tourism is the most important activity. The biggest tourism destination in Spain is the coast and Madrid. We prefer plan our vacations, because we prefer go on our own. Tourism should improve because there are a few hostels. The best way is to go on holiday by car because you can go wherever you want. There are nice things to do in our country. We have beautiful beaches and mountains.</p>
