

IIExVET

IMPROVING AND IMPLEMENTING EXCELLENCE IN VET

Issue No.1 / June 2023

PROJECT OVERVIEW

IIExVET sets forth to meticulously examine the efficient utilization of resources, the attraction of exceptional teachers and trainers, and the development of cutting-edge curricula within niche economic sectors. Through the implementation of a comprehensive excellence measurement questionnaire, our endeavor is to enable participating centers to gauge their current standing and chart a path towards achieving heightened excellence.

The primary outcome of this project will be a document, serving as a definitive tool, which will aptly delineate the criteria necessary for centers to be recognized as centers of excellence, outline the requisite evidence to demonstrate their accomplishments, illuminate the path to attaining excellence, and elucidate the evaluation process conducted by the esteemed panel.

PROJECT PARTNERS

- Consejería de Educación de la Junta de Castilla y León
- Centro Integrado de Formación Profesional Felipe VI
- Antalya İl Milli Eğitim Müdürlüğü
- Manavgat Evliya Çelebi Mesleki Ve Teknik Anadolu Lisesi

The "IIExVET" project is supported by the European Commission through the Spanish National Agency. It aims to enhance VET excellence by analyzing resource utilization, attracting high-quality educators, and fostering innovation in curricula.

Erasmus+

IIEXVET

CONCRETE OBJECTIVES

IIEXVET focuses on enhancing vocational education and training (VET) excellence in niche economic areas. With a comprehensive excellence measurement questionnaire, our goal is to guide centers towards achieving excellence by providing clear criteria, necessary evidence, and a defined path for improvement. The project aims to foster innovation in the VET system, align with EU priorities, facilitate cooperation between VET providers and local businesses, analyze needs at policy and center levels, promote collaboration between policymakers and providers, establish an effective organizational model, and enhance the quality of vocational training through excellence criteria.

IST TRANSNATIONAL PROJECT MEETING

The First Transnational Meeting of the "IIExVET-Improving and Implementing Excellence in VET" project under project number 2022-1-ES01-KA210-VET-000082350, was held in Segovia, Spain. The meeting took place at Centro Integrado de Formación Profesional Felipe VI on May 4-5, 2023, with the participation of all partner institutions.

The project will span from 2022 to 2024, during which the focus will be on developing and implementing innovative curricula while improving excellence in Vocational Education and Training (VET) and addressing the needs of niche economic areas.
